URSPRUNG DER MARKE LE TEMPS OF SWITZERLAND

Schon seit Jahrhunderten bauen die Menschen Uhren, um die Zeit zu messen.

Le Temps ist das französische Wort für die Zeit.

Die Marke **Le Temps of Switzerland** wurde 2002 durch Martin Altermatt mit der Idee gegründet, qualitativ hochwertige Schweizer Uhren herzustellen und trotzdem den Luxus, **SWISS MADE** für alle, erschwinglich zu machen.

Das Unternehmen ist bis heute ein unabhängiges und stark expandierendes Familienunternehmen und besitzt eigene Räumlichkeiten im Neuenburger Bevaix.

Es wird noch immer durch den Gründer geführt.

ORIGINE DE LA MARQUE LE TEMPS OF SWITZERLAND

Depuis des siècles, l'être humain réalise des montres pour mesurer le temps.

La marque **Le Temps of Switzerland** a été fondée en 2002, dans l'idée de fabriquer des montres suisses de haute qualité afin que le luxe du **SWISS MADE** soit abordable pour chacun.

Aujourd'hui, c'est une société familiale indépendante qui grandit vite. Elle possède ses propres locaux à Bevaix, au bord du lac de Neuchâtel.

La Direction est toujours assurée par le fondateur.

Zur Gewährleistung einer höchstmöglichen Qualität, haben wir die dreifache Qualitätskontrolle (TQC) eingeführt. Sie umfasst eine rigorose Eingangskontrolle aller Komponenten und Werke, die visuelle und technische Schlusskontrolle nach der Produktion inklusive dem Wasserdichtheitstest. Vor Auslieferung erfolgt noch eine letzte visuelle und Funktionaskontrolle.

Das garantiert, dass nur einwandfreie Uhren an die Kunden ausgeliefert werden.

Die Fabrikgarantie beträgt mindestens 2 Jahre und eine Verfügbarkeit von mindestens 10 Jahren für Ersatzteile.

Pour assurer la meilleure qualité à nos montres Le Temps, nous avons implémenté le contrôle de qualité en trois phases (TQC), qui englobe un contrôle d'entrée rigoureux de tous les composants et mouvements.

Un contrôle final visuel et technique après la production, test d'étanchéité inclus. Finalement un contrôle visuel et fonctionnel est effectué avant livraison.

Ceci pour garantir, que seules des montres impeccables soient livrées à nos clients.

A la garantie d'usine de 2 ans minimum, s'ajoute une disponibilité assurée jusqu'à 10 ans sur les pièces détachées.

To ensure the highest possible quality of Le Temps watches, we have implemented the TRIPLE QUALITY CONTROL (TQC) testing concept.

First, all of components and movements are rigorously checked before assembly.

Secondly, after assembly, all watches are meticulously inspected according to technical and visual procedure including waterproof test.

Finally, before delivery, all watches undergo a final visual and functional test protocol.

Le Temps watches come with a 2-years factory guarantee and 10 years availability of spare parts.
